

Glenn Campbell

Former expert on **AREA 51** (secret military base in Nevada)
will speak at UWCRN on Friday Evening, April 11, 2014
and possibly on Saturday, April 12

Topics will include (Friday):

1) Area 51 and UFOs in the 1990s

*Featured in dozens of TV shows and news articles in the mid-1990s, Glenn was instrumental in making "Area 51" a well-known name. He will describe the secret military base and his role in publicizing it. **Is the US government hiding UFOs?***

2) The Case Against Marriage

As the author of a book on the subject, Glenn will argue that if you love someone, marriage may not be the best way to show it.

Special bonus topics upon request (Saturday):

3) Geography of USA as relating to college selection — As a

professional traveler, Glenn has seen every corner of the USA. He will offer some practical insight on geographical factors for selecting a college.

4) The Meaning of Life — As an exclusive offer to RCN students, Glenn will

*finally reveal the **Meaning of Life!** Based on a book he is now writing, he will (upon request) discuss his own unique brand of existentialism.*

Skeptical questions from the audience are invited.
